PROFESSIONAL SUMMARY

Creative problem-solver and aspiring software developer with a designer's eye and a builder's mindset. Transitioned from interior design and digital content creation to development, bringing project management experience and a strong sense for usability and visual coherence. Recently certified in full-stack development (JavaScript, React, Java, Spring Boot) through an intensive Microsoft-backed bootcamp, where I collaborated on a team to build a full-stack community web app (Root Squad). Proven ability to learn quickly, adapt across industries, and deliver projects—from design work to self-launched e-commerce brands and music production. Eager to merge technical skills with design thinking to build intuitive, impactful applications.

TECHNICAL SKILLS

- **Front-End:** HTML, CSS, Bootstrap, JavaScript, React
- **Back-End:** Python, Java, Spring Boot, MySQL, REST API
- **Tools:** Git, GitHub, Postman, AI IDE
- **Design & Prototyping:** Figma, Photoshop

PROFESSIONAL DEVELOPMENT

Professional Diploma in Full Stack Web Development

Lithan Academy | Apr 2025 - Dec 2025
